## EDUCATION

**Central University of Technology, Bloemfontein**

Diploma in Information Technology | 2023 - Present

Expected Graduation: 2026

**Evugwini High School**

National Senior Certificate | 2021

---

## TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, Figma

**Backend:** C# (ASP.NET Core MVC)

**Mobile:** Flutter (Dart)

**Tools & Platforms:** Visual Studio, VS Code, Git/GitHub, Firebase

**Design & Layout:** Flexbox, Responsive Design, CSS Animations

---

## PROJECTS

**The 82 Store - Basketball E-commerce Website**

**Tech Stack:** HTML5, CSS3, Flexbox, CSS Animations, Font Awesome

**Live Demo:** [GitHub Pages](#) | **Code:** [GitHub Repository](#)

Built multi-page e-commerce site targeting South African basketball market with 4 distinct pages

- Implemented responsive product grid showcasing 18+ basketball shoes and accessories using Flexbox
- Created interactive navigation with dropdown menu system using focus-within pseudo-class

- Designed animated search bar with focus states and multiple CSS keyframe animations (glow, lift, grow-shrink)
- Developed custom brand identity with position-specific product recommendations for basketball players
- Expanded from single-page tutorial foundation to full custom multi-page architecture

### Personal Portfolio Website

**Tech Stack:** HTML5, CSS3, Flexbox, Responsive Design

**Live Demo:** [GitHub pages](#) | **Code:** [GitHub Repository](#)

Developed responsive portfolio website showcasing technical projects and professional background

- Implemented custom CSS animations and hover effects for enhanced user interaction
- Created mobile-first design with media queries optimized for multiple screen sizes
- Integrated FontAwesome icons and Google Fonts for professional UI/UX

---

## CERTIFICATIONS

**IT Essentials: PC Hardware and Software**

Cisco Networking Academy | November 2023

**Introduction to Cybersecurity**

Cisco Networking Academy | April 2024

---

## KEY COMPETENCIES

- **Problem Solving:** Analytical approach to debugging and optimizing code
- **Self-Learning:** Successfully expanded tutorial projects with custom features and architecture
- **Attention to Detail:** Focus on UI/UX design, animations, and responsive layouts
- **Time Management:** Balancing academic coursework with independent project development
- **Adaptability:** Quick to learn new frameworks and technologies (Flutter, ASP.NET, Figma)

---

## LANGUAGES

**English:** Fluent (Speak, Read, Write)

**IsiZulu:** Conversational

**Sesotho:** Conversational

---

## ADDITIONAL INFORMATION

- Passionate about web and mobile application development
  - Interest in creating solutions for the South African market
-
